Call for workshops

With the present call for workshops, the Department of Media, Telecommunications and Digital Policy is inviting interested parties to submit their proposal for a workshop to be hosted in the frame of the 2021 conference on connectivity.

The afternoons of the three conference days are reserved for workshops and exchanges.

Workshops can be proposed to take place:

- In an open setting, meaning that any conference participant can join physically or remotely
- In a closed setting, meaning that only a selected group of attendants can join physically or remotely

Guidelines:

- Interested workshop leaders are invited to submit their expression of interest by July 31 2021, 23:59:59 CEST via e-mail to:
 - o telecom@smc.etat.lu
- The expression of interest should indicate:
 - o Proposed title of the workshop
 - o Short abstract of the workshop setting and workshop programme as suggested. The workshop content should have a clear link to the conference title and programme
 - o Scope of the targeted audience
 - o Links to further documentation on the workshop topic (previous works, research papers, project websites,...)

The conference team will get in touch with you to inform you about the next steps.
- All workshops are **in English**. Closed workshops with local stakeholders might be in Luxembourgish, French or German.
- Since the conference will be organized in a hybrid way, please indicate **how many participants** are supposed to join physically and/or remotely.
